

# DMK x Dexterra Partnership Overview

**Delivering Seamless Facility  
Operations & Project Excellence**

\*Supporting Your Projects from Conception to Completion\*

## ABOUT US

### Dexterra Group

With over 75 years of experience, Dexterra is a leader in integrated facility management and operational support across North America. Powered by technology and driven by people, Dexterra helps clients enhance performance, reduce costs, and improve user experiences.

### DMK Project Solutions Services

A Certified Small Business located in Data Center Alley, DMK specializes in Owner's Representative and Business Development services. Their expertise spans data centers, power infrastructure, and large-scale construction projects. Together, Dexterra and DMK offer a full-spectrum solution, from daily facility operations to complex construction project management.
