

# DIRECT-TO-CHIP COOLING TURNKEY INSTALLATION

Nationwide Delivery, Setup, and Commissioning You Can Trust

## What We Do

- Nationwide network of vetted, top-tier mechanical contractors
- Direct receipt of your cooling units- no middleman delays
- End-to-end installation services: delivery, setup, testing, and commissioning
- Experienced in mission-critical environments like data centers and HPC facilities

## Why It Matters

- **Speed-** Reduce lead time from unit delivery to go-live
- **Quality-** Installers with proven mission-critical track records
- **Seamlessness-** One point of contact from planning to commissioning
- **Scalability-** Resources to handle single racks or full-scale deployments anywhere in the U.S.

Let's get your cooling online faster. Contact DMK to schedule your turnkey installation today.
