

# Powering Projects Through Strategic Partnerships

An Integrated Team for Today's Infrastructure Needs

**DMK  
Project Solutions  
Services**

"Supporting Your Projects from Conception to Completion"

DMK Project Solutions Services is a Certified Small Business located in Loudoun County, Virginia specializing in Owner's Rep/Project Management Services and Business Development for the construction industry focusing on data center and power infrastructure. We support the planning, execution, and growth of complex projects through strategic partnership alignment, connecting owners with trusted partners and providing clarity, coordination, and continuity from conception to completion.
